Who is Inventory Alliance Technology, LLC.

Inventory Alliance Technology, LLC is a joint venture of seven inventory service companies, both large and small. The mission of the organization is to develop technology unavailable anywhere else and for use specifically by the

inventory service industry. Products, including both hardware and software, are designed by inventory professionals for counting and reporting. As such, they must meet the highest standards of quality, ease of use and reliability.

Inventory Alliance Technology's

PalmQuest™ Inventory Calculator.

Designed by
inventory Pros
for inventory Pros.

Welcome to the 21st Century.

Inventory Alliance Technology's PalmQuest™ inventory calculator

Counting inventories just became more accurate, easier and faster with the completely portable, Inventory Alliance Technology PalmQuest™ inventory calculator.

Everyone finds the PalmQuest™ lightweight and easy to use. The PalmQuest™ direct-contact, long-life “Cherry” switches allow for positive and precise data entry while data itself is stored on an off-the-

shelf, self-contained PDA module. Up to eleven lines of data can be viewed on the PDA's large display.

The PalmQuest™ is the only inventory audit system designed by, and rigorously tested in the field by, inventory specialists. And, with the use of PDA technology, the PalmQuest™ is the most technologically advanced and “always current” inventory calculator on the market.

Benefits

- ▶▶ Completely portable. Accepts Secure Digital (SD) card and Compact Flash (CF) card (requires Handera 330 or similar PDA)
- ▶▶ Modularity – If need be, either the PDA or keypad can be swapped; No need to replace the entire unit, just the keypad or the PDA
- ▶▶ Palm Operating System for the PDA
- ▶▶ “Cherry” MX key switches, 50,000,000 cycles (key hits) per key
- ▶▶ Light touch, 2.25 oz.; full travel “Cherry” MX keys for less user fatigue
- ▶▶ Ultra low power CMOS circuitry for longer battery life
- ▶▶ Out-of-box compatibility with three popular PDA's (Handera 330, TRGpro, Palm III) (Optimized for the Handera 330)
- ▶▶ PDA displays up to 15 lines of data in a bright, easy-to-read window that can be viewed from a wide angle – including from the waist
- ▶▶ Two posts for attaching optional waist strap
- ▶▶ Black high impact polycarbonate/ABS injection molded housing, for lightness, economy and strength. Other colors available with orders of 250 units or more
- ▶▶ The keypad is designed for severe usage, severe environment (i.e. left in hot/cold cars, etc.)
- ▶▶ 9-Pin Serial port for optional scanner

Software

Optional Third-party Financial and SKU/Price Verification software available for the PDA

Keypad Warranty

180 days, Parts and Labor

PDA Warranty
